FLYWHEEL WEIGHT	34Lbs (15.5kgs)
HANDLE BAR AXLE	Handle Bar Foam
TRACK	Aircraft Grade Aluminium

DIMENSIONS

SET-UP DIMENSION	2090 x 550 x 1710mm
PRODUCT WEIGHT (NW / GW)	107kgs / 120kgs
MAX USER WEIGHT	150kgs

WARRANTY

PARTS AND ELECTRONICS	1 year
LABOUR	1 year

E95

Elliptical perfection - #1 rated elliptical

Fluid natural motion provided by a whisper quiet drive system that function in both forward and reverse motion. The 34lbs flywheel combines with a high gear ratio not found on comparable models. Multi-grip handles for users to find the most comfortable and ergonomic positions on it, making the workouts more enjoyable than ever. It also has incline and resistance controls built-in for convenient use. The oversize adjustable foot pedals with a 2 degree inward slope reduces ankle and knee stress common in other elliptical machines.
